

## Personal Protective Equipment (PPE) ▶ Protective Clothing

### The World Health Organization (WHO)

has declared COVID-19 a pandemic and our medical professionals are fighting against the pandemic in the frontline.

Therefore, PPE equipment is extremely crucial for them to fight against the virus.

### How to ensure the PPE is up to standard?

STC provides the following testing service to ensure the performance of Protective Clothing:

- ▶ **ANSI/AAMI PB70 -**  
Liquid barrier performance and classification of protective apparel and drapes intended for use in health care facilities
- ▶ **EN 14126 Protective clothing -**  
Performance requirements and tests methods for protective clothing against infective agents

We provide testing services on other PPEs as well.
